Davenport Central High School, Davenport, IA — Received Diploma

2010- 2014

Featured Developer Projects - <https://github.com/TNortnern/>

- **PHPShoppingSite** — A shopping website in vanilla PHP and javascript. It contains a full ordering system and an admin panel. It's heavily MVC based.
- **Portfolio-VueJS** - my personal portfolio created primarily through Vue with a PHP contact form that uses ajax submission
- **MusoSubs**- Fast food restaurant clone with a full CRUD system and pseudo ordering system. Made using PHP and VueJS
- **VUEing an API** — Fetching an API for upcoming movies and using the data to make a shopping website
- **AgSelect** - a real world project for the AgSelect food production company. Mainly uses html/css
- View them all at my [Github](https://github.com/TNortnern/)
